

Refine Plus | HIGH POTENCY REFINISHING TREATMENT

PM

pH 4.50 - 5.50

DESCRIPTION

This powerful concentration of Vitamin A takes Refine to the next level for enhanced results. Perfect those requiring more intense Retinol therapy.

BENEFITS:

- Increases cellular turnover
- Less irritation/redness than with other retinoids
- Reduces look of fine lines/signs of aging
- Improves skin texture and color
- Helps problem skin
- Detoxifying
- Mattifying
- Discourages melanocyte grouping

CONDITIONS:

- Problem Skin
- Hyperpigmentation
- Age Management
- Photodamaged
- Enlarged/Clogged pores

**KEY INGREDIENTS:**

- **8% AGP Retinol Complex:** Encourages skin renewal to reduce the appearance of wrinkles and imperfections
- **Sodium Hyaluronate and Sodium PCA:** Help prevent moisture loss

HOME CARE:

Home Care: Apply 1 pump to clean dry skin. Avoid eye area. Do not remove. Begin use on alternative nights building up to nightly application once tolerated.

Note: Begin with Refine until well tolerated at nightly use. Graduate to Refine Plus.
